

6 Rodan + Fields Redefine Acute Care

The product: Rodan + Fields Redefine Acute Care (\$220)

Why we want it: We already know how the sun can cause wrinkles and fine lines. However, there's another cause for your crow's feet – smiling. After a while, these expression lines tend to stay put around the eyes. These unique eye patches are covered in tiny liquid needles that melt, filling existing wrinkles with hyaluronic acid and peptides.

Available: January 2015
