

REVERSE Regimen

Ramp up + Usage

HOW DO I USE THE REVERSE REGIMEN?

When starting a new, potent skincare routine, use once every other day for the first week or two and increase to twice daily as tolerated, avoiding the eye area.

Step 1: REVERSE Deep Exfoliating Cleanser

1. Wet skin and gently massage evenly over the face.
2. Rinse well + pat dry.

Step 2: REVERSE Intensive Brightening Toner

1. After cleansing, use a gauze pad to apply over face + neck.
2. Do not rinse; allow to dry.

Step 3 AM: REVERSE Brightening Defense Fluid Lotion Broad Spectrum SPF 15

1. Apply liberally and evenly over face + neck.

Step 3 PM: REVERSE Tone Correcting Treatment

1. Apply liberally and evenly over face + neck.

DURING RAMP UP:

- Remember: increase to twice daily use *as tolerated*. If your skin is more sensitive and needs more time to acclimate, keep using the regimen every other day through week 2.
- Use mild cleansers, moisturisers and sunscreens as you ramp up to using the REVERSE Regimen twice a day. SOOTHE is a good option during ramp up.
- Avoid other products containing Retinols, Alpha-hydroxy Acids such as Glycolic, chemical peels, microdermabrasion, or any scrubs and mechanical brushes
- Omit the Broad-Spectrum SPF (Step 3 AM) in the evening.
- If redness or irritation occurs, stop using the REVERSE Regimen and ask your pharmacist or doctor for recommendations to calm skin. Contact RF Connection for suggestions.
- For additional information and answers to frequently asked questions, please visit RF Connection at www.rodanandfields.com/helpcentre
