**RF Payday FAQs**

**What is RF Payday?**
RF Payday is an easy to use, secure online virtual “wallet” exclusively for Rodan + Fields®. RF Payday allows Consultants to receive commission payments electronically from Rodan + Fields, and quickly and efficiently manage funds to a bank account or a branded R+F Visa® Prepaid Card.

**When will I get my RF Payday account?**
Consultants will have a wallet set up within five business days of enrollment. All commissions will be paid exclusively via RF Payday.

**Do I qualify to receive a branded R+F Visa™ Prepaid Card? And when will it arrive?**
Consultants enrolled as business entities will not receive a card automatically; however, you should request a card in your personal name for free by logging in to Pulse, Accounts, and selecting RF Payday on the left-hand side of your screen.

**How do I activate my RF Payday account?**
To activate your RF Payday account, log in to Pulse, and go to the Accounts tab. From Accounts, select RF Payday. You will be asked to authenticate using personally identifiable information, and you will be prompted to establish a Personal Identification Number (PIN). This is for your protection and part of the security measures of the RF Payday site. After you activate your account, we recommend you set up your RF Payday account preferences.

**What happens to my commissions if I do not activate my RF Payday account prior to the disbursement of commissions?**
All commissions will be disbursed to your RF Payday account whether or not you have activated it. In order to access your funds, you will need to activate your RF Payday account.

**How do I set up my preferred method of accessing my money?**
There are several ways to access your money through RF Payday.

1. Transfer funds to your R+F Visa prepaid card and use anywhere Visa is accepted. There is no charge for making a transfer to your R+F Prepaid Visa card. (Please note: You may transfer up to a maximum of $75,000 to your card.)

2. Transfer your commission payment to your personal bank account by using the “CashOut” function under the “Wallet Tools” menu. (Please note: It will take one business day for funds to be available. There is a $1.00 fee which will be deducted from your wallet each time you make a transfer to your personal bank account.)

3. Set up auto-transfers by saving your banking information in your wallet during the course of your first CashOut. This will ensure your commissions are automatically transferred to your bank account each time you get paid, without the need to log in to your RF Payday account. (Please note: Auto-transfers carry a $1.00 fee which will be deducted from your wallet each time a transfer occurs. It will take one business day for funds to be available after auto-transfer has been initiated.)

**Is there a daily spending limit on my R+F Prepaid Visa Card?**
Yes, the maximum amount that can be spent per day is $2,500.
Is there a daily limit on ATM withdrawals from my R+F Prepaid Visa Card?
Yes, the maximum ATM withdrawal is $500 per day. With your PIN, you may use your card to obtain cash from any ATM or point-of-sale device, as permissible by a merchant that bears the Visa®, Interlink®, or STAR Acceptance Mark. All ATM transactions are treated as cash withdrawal transactions. Any funds withdrawn from a POS device will be subject to the maximum amount that can be spent on your card per day.

How do I transfer funds to my R+F Prepaid Visa Card?
Complete the following steps to transfer funds from your R+F Prepaid Visa Card:
1. Log in to your RF Payday account through Pulse.
3. Select “card,” then “loading” to transfer money to your card.

Can my R+F Prepaid Visa Card have the name of my business on it?
No, R+F Prepaid Visa cards may be issued in the name of an individual only. The card may not have the name of your business on it; however, you can request a card in your personal name.

My spouse and I each want a card – how do we make this request?
To request an additional card, complete the following steps:
1. Log in to your RF Payday account through Pulse.
3. Select “request an additional card.”

Note: Both cards will be linked to the account, but will need to be loaded separately.

FAQs

What happens if I do not move money out of my wallet for extended periods of time?
After three consecutive months of having a positive balance in your RF Payday account without activity (example: No new loads via the Commission plan, no transfers, etc.), there will be a monthly $5.00 maintenance fee applied for each month the account is not used. An additional monthly fee of $5.00 will also be applied after six (6) months of inactivity, for a total of $10.00 each month. These fees will be charged on or around the 25th of the month. These fees will be deducted from the current balance until the sooner of (a) the balance on the account equals $0.00, or (b) 12 months, at which point the positive balance in your RF Payday account will be removed and R+F shall allocate and pay the remaining funds to the state in which you reside, according to the state’s unclaimed property law.

What happens if I terminate my Consultant account?
If there are no funds in your wallet, R+F will close your wallet on or around the 25th of the month following the termination of your Consultant account. However, if upon the termination of your Consultant account you have a positive balance in your RF Payday account, you will be charged a $5.00 maintenance fee for each month following your termination until the sooner of (a) the funds are withdrawn and the account is closed, (b) the balance of the account is depleted to $0.00 and the account is closed, or (c) 12 months, at which point the positive balance in your RF Payday account will be removed and R+F shall allocate and pay the remaining funds to the state in which you reside, according to the state’s unclaimed property law.

How do I inquire about my commission payouts?
